

Marc St. Regis

12913 Falling Water Circle #304, Germantown, MD 20874

Cell: 818.200.5601, email: caprettakid@hotmail.com

URL: <http://msr.studioelectronics.com>

Defining Qualifications

- Decades-long Angelino (Los Angeles resident) / very recent MD transplant with exceptional interpersonal and written communication abilities
- Multicultural approach
- Organized and solution-based; responsible and reliable when working within a team, independently, or pointing fingers; pressure and deadline “compliant”
- Areas of expertise include assembly, component level repair, quality control, product development, sales & marketing, merchandising, eCommerce, multimedia design--think music too! (*many hats have been worn*)

Professional Experience

STUDIO ELECTRONICS, El Segundo / Tarzana, CA 1987 – 2007

Assembler / Repair Tech / Production Supervisor / Multimedia Designer / Composer

- Webmaster and Editor-in-Chief for www.studioelectronics.com and <http://caswellamps.studioelectronics.com>
- Established and maintained international customer base via phone, email, ecommerce and HTML Newsletters
- Produced winter and summer NAMM Show presentations and music demonstrations
- As Graphic Design Supervisor interfaced with artists, created logos, generated print ads, front panel silk-screen art, brochures, banners and t-shirts in-house
- Supervised production of assembly processes and enforced strict implementation (and documentation) of quality control procedures
- Provided hardware and software design analysis; developing innovative testing methods for insuring optimal product performance and reliability
- Assembler and Repair Tech: “hands-on” installation and replacement foundation
